## REMARKS/ARGUMENTS

## A. General:

- 1. Claim 13 has been amended to delete language added in a prior amendment, in light of Applicants' enclosed declaration and argument below under the §102 rejection.
- 2. Claims 1 12, 17, and 18 having been withdrawn from consideration as the result of the earlier restriction requirement, claims 13 - 16 remain under examination.

## B. §102 Rejection:

The Examiner has rejected claims 13 - 16 under 35 USC §102(e) as being anticipated by Stemmle et al. (US Patent No. 6,684,682).

Applicants submit herewith a declaration under 37 CFR 1.131 that establishes that Applicants conceived and reduced to practice the invention claimed in claims 13 - 16 before the effective date of the reference Stemmle et al., that is, prior to December 24, 2001. Therefore, Applicants submit that Stemmle et al. is removed as a reference thereby obviating this rejection.

## C Conclusion:

Applicants respectfully request that a timely Notice of Allowance be issued in this case for claims 13 - 16.
